

Chloe Pearce
Branch Manager - Warwickshire

Meet Chloe, your Branch Manager for Warwickshire

About me

Hello, I'm Chloe your Branch Manager for Warwickshire. I'm very local to the branch and my customers living in Studley. I have lived and worked in Sambourne, Coventry and Worcester for the last few years. It is lovely for me to be supporting my own community with their home care needs and getting out and about around the county. In my spare time I love being with my family, travelling the UK and doing yoga.

My experience and expertise

I got in to care through my dad who used to run a care home. I left school and became a carer working in residential care. I then came across Newcross a few years later where I developed my career from carer, to care coordinator, team leader and then became manager. I followed in my dad's footsteps through my love of supporting people, and making a real difference.

I have worked with so many people throughout my time in care, and you take something different from every person. Care is a career in which you never stop learning and developing. A customer that always stays in my mind is a lady with Downs Syndrome who I was sole carer for. I worked with her throughout her older years, and really became like part of the family. It was a privilege to support her and make a real difference to her life.

I have achieved my Level 2 NVQ in Health and Social care and am now working towards my Level 5 NVQ in Leadership and Management in Health and Social Care.

Why I chose Helping Hands

I decided to join Helping Hands because I wanted to get back in touch with people. It is lovely to be able to meet and greet my customers, make a real difference and see the positive impact that home care can have on people.
