

Claire Ashbrook

Branch Manager - Warrington

Meet Claire, your Branch Manager for Warrington

About me

Hello, I'm Claire. I have been working in care since I was 19, working alongside my degree studies, and have lived in the Warrington area all my life. The passion we all share at our branch really shines through and I believe this helps us to deliver the highest standard of care possible.

My experience and expertise

I've worked as a care coordinator for two different providers before having a break from care. During that time, my dad had a knee replacement. It was visiting him in hospital that made me realise that I wanted to go back into care. I applied for a care assistant role with Helping Hands and was blown away with the passion I felt for care in branch. I was then asked to apply for a care coordinator role; it was the best decision I have ever made.

One of our success stories here at the Warrington branch of Helping Hands is a gentleman with cerebral palsy. We help him to live a life in his home with his family and have bonded with him as a friend. He is an absolute joy to care for; it's a privilege to take him out for the day and see how happy he is when we do.

I have a qualification in Higher Education Access to Social Work and a BA Honours Degree in Criminology & Social Policy.

Why I chose Helping Hands

I liked that Helping Hands is family run and can cater to all care needs. From the moment I started with Helping Hands I noticed that there is always someone there to help when needed. Everyone is one big team and is extremely supportive.
