

Holly Marlow

Branch Manager - Southampton

Meet Holly, your Branch Manager for Southampton

About me

Hello, I'm Holly and I am Branch Manager of the Southampton. I am responsible for the day-to-day running of the branch and also supporting the staff, engaging with the community and building those pivotal key relationships. Working cohesively as a team to build the business.

My experience and expertise

I have worked in healthcare for the last 11 years, holding different positions in various sectors. I began working as a carer and progressed through this.

I am currently undertaking my Level 5 in Health and Social Care, I also have a Management Level 3 in Safeguarding, have completed Training in the Care Act and also Mental Capacity.

I have experience and training in clinical packages including tracheostomy, spinal and brain injuries. I have further experience in mental health and elderly care.

Why I chose Helping Hands

I am incredibly passionate about working in care, I enjoy working with a wide variety of people, building relationships and really changing the way people think of care. I place great importance on building a care team with the same ethics and working cohesively to promote the independence of our customers and also our high values and standards.

I joined Helping Hands because of service and the feedback I had read. I was really excited to join a team that really values their staff, their customers and provide quality customer-focused care.
