

## **Jonathon Maloney**

**Area Care Manager - South East**

**Hello, my name is Jon,**

**Area Care Manager for Berkshire, Hampshire, Surrey and West Sussex.**

### **About me**

Hi, I'm Jon, the Area Care Manager in the South East. I cover Berkshire, Hampshire, Surrey and West Sussex. In my role as an area care manager, I am responsible for leading a number of experienced branch managers and care teams who understand the individual needs of their customers to deliver the highest quality of person-centred care and provide tailored support, so that our customers can stay in their own home. Our person-centred care plans will always be created with the customer at the centre of everything we do.

I'm married with two amazing kids aged five and three, and in my down time, love nothing more than spending time with them.

## **My experience and expertise**

My previous working experience is made up from finance sector and retail management, then on to health care in opticals and presently with Helping Hands ,where I have been for one year. This has enabled me to gain experience across multiple sectors in my 10+ years of management experience and use them to provide the best possible service for all here. I have a passion to exceed standards and deliver the best possible care for all our customers.

## **Why I chose Helping Hands**

I chose Helping Hands for a few reasons: the positive culture; the growth demonstrated in recent years, showing that the company is going places which is developed from the culture made over the years.
